Comment: Rockaway is always getting dumped on, we do not need a L.N.G. Platform 13 miles off our shores. We have plenty of Natural Gas and everyone already knows that. Just another way for another Corporation to make big bucks very big bucks. Leave us alone, go somewhere else to make you big bucks.....

Comment: First ***NO L.N.G.*** there is no need for an L.N.G. Platform here off the shores of our beautiful beaches here in Rockaway Queens New York. We have plenty of natural gas. This is just another way of a big Corporation to make "BIG BUCKS". Please say *NO* to any proposed L.N.G. Platform, our Community thanks you.
