

Name: Dennis Delanoy

Title: mr.

Organization: homeowner

County: Broome

Comment: Why does the state only target energy subsidies to the big corp, when every home could become energy efficient by bypassing the nyseg corp people would want to live here instead nyseg continues to be the highest price monopoly in the US its time for the state to take over and reduce prices for the middle income earner and please do not respond with tax credits for the home owner this will only work for a few as a student of nyserta they are not receiving the support they need from this state , If you really want to improve this state start by assisting the home owner with real money for solar wind generated elec. the people would flock here, the high price of taxes and NYSEG keep folks to look elsewhere...
