Comment: For the cost of three lattes a year, New Yorkers could have a world class solar energy program. A well-designed 2,000 MW solar program can be implemented for as little as \$.82 in residential rate payer impacts a month and deliver more than \$10 billion dollars in economic output. As a New Yorker, I strongly support this investment and urge you to incorporate a comprehensive solar program of at least a 2,000 MW by 2020, as part of your State Energy Plan. Thank you.
