

Name: Harold T. Hodes

Title: Mr

Organization: none

County: Tompkins

Comment: To The State Energy Board, Thank you for convening this important process. I am a New York State resident. I urge you to adopt an energy plan that incorporates the use of solar photovoltaics and solar thermal equipment. New York can no longer afford to implement renewable energy in baby steps. We need to take mature leaps to fix our economy, environment and broken power production system. Many advocates are calling for 2,000 MW of solar by 2020. That would be a worthwhile goal.
