

Name: Anderw Horn

Title: Mr.

Organization: private citizen

County: NewYork

Comment: I think it's more than time we as New Yorkers began to take renewable energy sources seriously on a government level, whether national or state. The more we wait, the more we'll have to pay later for our inaction. We need to implement available technologies - such as solar - now, as well as investigate new energy sources, and improvements, for the long run.
