

Name: deborah mader

Title: none

Organization: citizen

County: Nassau

Comment: \* The Energy Plan must have a clearly defined plan and implementation schedule to meet increased energy efficiency, renewable energy development, and greenhouse gas emission reduction goals. \* The plan must not support new dirty coal plants or expensive nuclear power. \* Drilling in Marcellus Shale for natural gas must require more rigorous environmental review, public involvement, and full disclosure of the risk to our environment and public health. \* thanks to the Planning Board for their consideration of my comments.
