

Name: Alison Nicholls

Title: none

Organization: none

County: Westchester

Comment: I would like to encourage you to implement a State energy Plan which places more emphasis on renewable energy and greenhouse gas emission reductions. Climate change is the most important issue of our time and we must acknowledge the need for more action in this area. I would like to express my opposition to new coal plants and would request more rigorous environmental reviews where drilling for natural gas is concerned. Thank you for your consideration of these issues.
