

Name: Charles J. Porter Jr.

Title: Mr.

Organization: None

County: Suffolk

Comment: The Energy Plan must have a clearly defined plan and implementation schedule to meet increased energy efficiency, renewable energy development, and greenhouse gas emission reduction goals. The plan must not support new dirty coal plants or expensive nuclear power. Drilling in Marcellus Shale for natural gas must require more rigorous environmental review, public involvement, and full disclosure of the risk to our environment and public health. And, thank you Planning Board for your consideration. Charles J. Porter Jr.
