

Name: Elizabeth Triano

Title: none

Organization: none

County: Putnam

Comment: You know the materials better than I do. You know the laws, the reports, the lobbying. Please use your conscience and common sense. No More Coal. No new coal plants. No breaks for coal. No encouragement of coal. No denial. NO FRACKING especially not in the Marcellus Shale. Either you're a man or you're a punk, as they said in some movie. Just do the right thing. If you need a little boost, sit down and, yes, watch "Legally Blonde 2." We all get jaded. NO MORE COAL. NO FRACKING. Good luck. Thank you.
