

Name: Kevin Trotta

Title: New York Team Captain

Organization: Global Sports Alliance

County: Orange

Comment: I am writing to let you know that as a New Yorker I want an energy plan that incorporates the use of solar photovoltaics and solar thermal equipment. Our economy, environment and power production system are in trouble and we have an opportunity to fix them. A well-designed 2,000 MW solar program can be implemented for as little as \$0.82 in residential rate payer impacts a month and deliver more than \$10 billion dollars in economic output. I strongly support this investment and urge you to incorporate a comprehensive solar program, of at least 2,000 MW by 2020, as part of your State Energy Plan. Thank you.
