Comment: My name is Richard Riddlebarger, owner operator of the lobster boat MITHRIL and the company, Point Lobster and Fish in Point Lookout, New York. I have been trap fishing lobster in the New York bight for the last 20 years, spending most of that time in the general zone that this LNG project is being planned for. Anyone planning this project should plan on compensating me because you are planning to take my bottom away and then restrict my access to my product. Buy me out, or at least create a job for me. If I cannot work for myself then I need to work for you.
